

SECTION A: Map and Photographic Skills

Answer all items in this section.

Item 1: MAP SKILLS

After studying the survey map of EAST AFRICA 1:50,000 LUKAYA, Sheet 79/2 Edition 3-U.S. D East of Easting 80, a team of local government officials in Teso sub region who face similar challenges as the residents of Lukaya, decided to visit their counterparts and share with them. The activities in this area seem to be impacting on the environment and need to be addressed. They are to travel with the youth in this benchmarking exercise.

Support material: Map extract of Lukaya series Y732.

Task.

- Using the support material provided, describe the geography of the area.
- You have been selected to travel with the team to Lukaya, make a write up of not less than 250 words that you will present to the people of Teso on return as an outcome of the sharing the Lukaya residents.

Item 2: PHOTOGRAPH INTERPRETATION SKILLS

Kadipo is very keen about knowing the fishing methods and fish types caught at one of the landing sites in Uganda. On reaching there a team realizes that the activity has negatively impacted on the environment the local community seems not to be bothered. Kadipo and team therefore decided to meet the local leader and discuss the way forward.
