Dear Valued Clients,

Re. **APPRECIATION MESSAGE TO SCIENCE CLIENTS.**

I at Surekey Integrated Science deeply appreciate your trust and support in choosing my academic materials. I apologise for any oversights or inconveniences caused due to limited time for proofreading my resources. As we draw closer to the forthcoming National Examinations, we encourage Integrated Science teachers to guide learners on how to approach and interpret questions like; adaptations, comparison questions, experiments, natural phenomena, science diagram work, stem questions, question elements, calculations, matching questions, pieces of advice, pronoun usage in answering, why is it not advisable...? and space utilization when writing an answer in the spaces provided on the question paper. This will help to build the confidence of our candidates as they prepare for Primary Leaving Examinations. (PLE).

To crown it all, I wish all candidates across the country success in the upcoming Primary Leaving Examinations (PLE).

Best regards,

Jamie Humphrey
