Item 1

Kilimanjaro High School has a number of clubs; among which is the debating club, ICT club, the information and social team club and the community outreach club. All these clubs perform a number of activities according to the school guiding policies on one of the weekly assemblies. When the school head teacher hinted about "The school failing to get the modern convenient way of sharing their activities to the entire school and the community on a number of school programs such as academic programs, sports, fees structure, bursary programs and other school activities, all the clubs showed interest of taking up the challenge to an end. When those other groups sat, they discovered that the project wanted ICT skills of which they couldn't handle except the ICT club. As the ICT club members began brainstorming on the content, they encountered differing opinions on the documents direction. The club chairman wanted it to focus on art and creativity, The Club secretary advocated for serious journalism covering school events and issues, while The Club Treasury suggested incorporating digital elements like podcasts and video features. You're allowed to use any image that can support your work.

Amazingly when the school director heard of the clubs taking up the challenge, he also requested those willing to take up the role to include his proposed budget since he was planning to celebrate 30yrs of service in education.

Director's requests:

The school head teacher was reminded to inform those designing about some of the budget concerns;

- a) The miscellaneous budget, video production, interpreters, food and entertainment were "**COVERED**" and others, "**NEED FUNDS**".
- b) All the budget monetary symbols should be in "**pounds**" in order to seek support from donors.
- c) His friend from Kenya supported him by funding 50% and 20% of Venue budget and Décor budget respectively.

Task

As an ICT club Member, generate a documentation that the administrators shall provide to the community and pin in the school premises to bring awareness for the ongoing programs/activities.

Item 2

Kaliisa Ibrahim a resident of Mutungo Cell started her small place of social services. He started with serving dry tea and fried cassava. After a period of 5 Months his place of work started growing. He extended and started preparing a number of dishes; **Local foods, fast foods and drinks (hard and soft ones)**. Because of his attitude towards work and the wonderful communication skills, the business boomed and started outside catering. Since he was serving now many clients, some of them started requesting him to provide an alternative way of communication for immediate orders. Some clients could come and use English wanting to know the services offered because they were non Ugandans.

Kaliisa was puzzled and one of the clients advised that he should at least have a simple document guiding on the dishes served than him explaining to each client every time. He again became so confused because he didn't know how to design the document.

His wish as a business man is to get a person who can design for him a two a paged document capturing the different dishes at his service place and also include; information about the restaurant, restaurant history, any distinguishing features or special services offered, working hours and others.

Task

Read, interpret and analyze Kaliisa Ibrahim's' situation and see how best you can design for him a document that will not require him to use internet for easy and fast customer choice selection.
