QAMPARA	mer that he had

## at the following instructions carefully:

- 1. This paper is made up of two sections: A and B.
- 2. Section A has 40 questions (40 Marks)
- 3. Section B has 15 questions (60 Marks)
- 4. Answer ALL questions in both sections A and B.
- All answers must be written in the space provided in blue or black ball point pens and ink. Only diagrams should be done in pencil.
- 6. Unnecessary crossing of answers will lead to loss of marks.
- Any handwriting, which cannot be easily read, may lead to loss of marks.
- 8. Do **not** fill anything in the boxes indicated for Examiners' use only.

P.5 Int. Science Trial Set I Term I 2025
FOR ACADEMIC EXCELLENCE, AVOID MISSING BROAD HOLIDAY PACKAGES, WORK BOOKS & PAST PAPER BOOKLETS.

SECTION .A. (40 Marks)  1. Name any one example of domestic birds.
Chicken
2. Give any one way firewood is important at home.  Firewood is used for cooking food:
3. Which type of family is composed of father, mother, children and some relatives? Extended family
4. Mention the type chickens kept for egg production.  Layers
To destroy hiding places of crop pests
The diagram below shows a body sense organ. Use it to answer questions 6 and 7.
6. Name the body sense organ above.
7. How is the above body sense organ important to a P.5 child?  The above body sense organ is used for smelling.
8. State the way a rain gauge is of use at the weather station.  A rain gauge is used for measuring the amount of rainfall received in an area.
9. Give any one reason why people eat food.  To satisfy hunger.
lo satisty hunger.
10. Write down any <u>one</u> sign of dehydration.
11. Name the garden tool that is used for cutting small trees.  Panga
12. Write down any one component of a clean home.  Clean kitchen

Broad Educational Consult 2025. Tel: 0486 - 442077, 0786-659301, 0772-864523 Page 2 of 8

P.5 Int. Science Trial Set I Term I 2025

FOR ACADEMIC EXCELLENCE, AVOID MISSING BROAD HOLIDAY PACKAGES, WORK BOOKS & PAST PAPER BOOKLETS.

13. Mention any one way our body organs can be kept in good working conditions.  By doing regular physical exercises.
14. How is chlorophyll important to plants during photosynthesis?  Chlorophyll traps Sunlight
15. Mention any one reason why some people keep rabbits.  To get meat.
16. Name any one plant that has a tap root system.  Mango plant
The diagram below shows a structure used by crop farmers. Use it to answer question 17 and 18.
De la companya de la
P - P - T - T - T - T - T - T - T - T -
17. Name the parts marked P.
Ratguards
18. How is the above structure important to a crop farmer?  A crop The above structure is used for storing a crop farmer's crops.
19. Give one way tapeworms enter our bodies.  By eating undercooked meat
20. How is soap important when promoting personal hygiene?
21. Name any <u>one</u> accident that takes place in the kitchen. <u>Burns</u>
22. How are PIASCY messages important to the youth in Uganda?  PIASCY messages help the youth from getting  AIDS:
23. How are canine teeth adapted to their function?
Canine teeth are sharp and pointed at top for tearing food.
Broad Educational Consult 2025. Tel: 0486 - 442077, 0786-65930I, 0772-864523 Page 3 of 8

Broad Educational Consult 2025. Tel: 0486 - 442077, 0786-659301, 0772-864523 Page 3 of 8
P.5 Int. Science Trial Set | Term | 2025
FOR ACADEMIC EXCELLENCE, AVOID MISSING BROAD HOLIDAY PACKAGES, WORK BOOKS & PAST PAPER BOOKLETS.

24. In which one way can a farmer make use of a forked hoe?  By using a forked noe for digging in stony areas.
The diagram below shows an insect vector. Use it to answer questions 25 and 26.
25 Citiz
25. Give any one disease spread by the vector shown above.
By spraying using insecticides.
27. Suggest any one reason why our bodies should be kept clean.  To prevent bad bady smell.
28. Write down any one food stuff that is rich in proteins.
29. Give any one reason why animals move from one place to another.
30. How does smoking of latrines improve on sanitation in a home?  Smoking of latrines prevents bad smell in a home.

The diagram below shows a structure found at a weather station. Use it to answer

31. Mention any one weather instrument kept in the above structure.

Broad Educational Consult 2025. Tel: 0486 - 442077, 0786-659301, 0772-864523 Page 4 of 8

P.5 Int. Science Trial Set 1 Term 1 2025

FOR ACADEMIC EXCELLENCE, AVOID MISSING BROAD HOLIDAY PACKAGES, WORK BOOKS & PAST PAPER BOOKLETS.

2. Why is the above structure painted white?
To reflect sunlight.
3. How are houseflies able to spread disease causing germs?
By using hairy bodies.
4. Mention any one way of removing food remains from teeth.
by branch from non-living things?
5. How are living things different from some tiving things don't Living things breathe while non-living things don't
breather
6. Name any one exotic breed of rabbits.
7. State any one way of conserving electricity at home.
By switching off electricity after use.
by Samuel Control of the Control of
8. Name any <u>one</u> material at home made from clay.
Pat
The diagram below shows an example of chicken. Use it to answer questions 39.
10/190
VV
9. How is part marked W important to the above fowl?
Part marked W is used for protection.
City and which garms enter our bodies
O. Give any way in which germs enter our bodies.  Through open wounds and cuts.
Through open woulds sond out
SECTION .B. (60 Marks)
1. (a) What are communicable diseases?
Communicable diseases are diseases spread from
infected person to a healthy person.
(b) Write down any two examples of communicable diseases.
(i) Diarrhoea
(ii) Malaria
(c) Give one way of controlling the spread of communicable diseases that attack the skin.
By not sharing clothes with an intected person
By preventing direct body contact with an intected
PEFSON.

P.5 Int. Science Trial Set I Term I 2025  FOR ACADEMIC EXCELLENCE, AVOID MISSING BROAD HOLIDAY PACKAGES, WORK BOOKS & PAST PAPER BOOKLETS.
TO ACADEMIC ENCELLENCE, AVOID MISSING DROAD HOLIDAT PACKAGES, WORK BOOKS & PAST PAPER BOOKLETS.

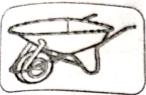

42. (a) Give any two conditions necessary for germination.  (i) Warm h
(ii) Oxygan
(b) Mention any two conditions which may make a seed fail to germinate.
(i) Due to planting damaged seeds.
CALC ID DIBITION IMPORTURE SECUE
43. (a) Mention any two items measured in kilograms.  (i) Sugar
TYPICE FINAL
(b) Name any two instruments used in measuring length.
(i) Majer
A
The diagram below shows a thermometer. Use it to answer question 44.
The contraction of the contracti
The second secon
44. (a) Name the type of the
44. (a) Name the type of thermometer shown above.
Six5 thermometer
(b) Mention two liquids used in the above thermometer.
(i) Alcoho
(ii) Mercury
(ii) Mer Gury (c) State the use of the above type of there are
(c) State the use of the above type of thermometer.
(c) State the use of the above type of thermometer.  The above type of thermometer is used for
(c) State the use of the above type of thermometer.  The above type of thermometer is used for measure temperature of the day.
(c) State the use of the above type of thermometer.  The above type of thermometer is used for measure temperature of the day.  45. (a) Mention any two examples of play materials.
(ii) Mercury (c) State the use of the above type of thermometer.  The above type of thermometer is used for measury temperature of the day- 45. (a) Mention any two examples of play materials.  (i) Bals
(ii) Mercury (c) State the use of the above type of thermometer.  The above type of thermometer is used for measuring temperature of the day- 45. (a) Mention any two examples of play materials.  (i) Bals  (ii) Dols
(ii) Mercury (c) State the use of the above type of thermometer.  The above type of thermometer is used for measure temperature of the day.  45. (a) Mention any two examples of play materials.  (i) Bals (ii) Dols (b) Name any two sources of raw materials was to the control of the day.
(ii) Mercury (c) State the use of the above type of thermometer.  The above type of thermometer is used for measure temperature of the day.  45. (a) Mention any two examples of play materials.  (i) Bals (ii) Dols (b) Name any two sources of raw materials was to the control of the day.
(ii) Mercury (c) State the use of the above type of thermometer.  The above type of thermometer is used for measure temperature of the day.  45. (a) Mention any two examples of play materials.  (i) Bals (ii) Dols (b) Name any two sources of raw materials used to make play materials.  (i) Banana olantation
(ii) Mer Gury (c) State the use of the above type of thermometer.  The above type of thermometer is used for measure temperature of the day.  45. (a) Mention any two examples of play materials.  (i) Bals (ii) Dolls (b) Name any two sources of raw materials used to make play materials.  (i) Banana plantation (ii) Swamo
(ii) Mercury (c) State the use of the above type of thermometer.  The above type of thermometer is used for measure temperature of the day.  45. (a) Mention any two examples of play materials.  (i) Bals (ii) Dolls (b) Name any two sources of raw materials used to make play materials.  (i) Banana plantation (ii) Swamp  (6. (a) Which weather condition enables farmers to winnow the interest
(ii) Mercury (c) State the use of the above type of thermometer.  The above type of thermometer is used for measure  temperature of the day.  45. (a) Mention any two examples of play materials.  (i) Bals (ii) Dols (b) Name any two sources of raw materials used to make play materials.  (i) Banana plantation (ii) Swamp  6. (a) Which weather condition enables farmers to winnow their dried cereals?
(ii) Mercury (c) State the use of the above type of thermometer  The above type of thermometer is used for measure  temperature of the day- 45. (a) Mention any two examples of play materials.  (i) Bals (ii) Dolls (b) Name any two sources of raw materials used to make play materials.  (i) Banana plantation (ii) Swamp  (6. (a) Which weather condition enables farmers to winnow their dried cereals?  (b) Suggest any two ways of managing rejeases.
(c) State the use of the above type of thermometer  the above type of thermometer is used for measure  temperature of the day.  45. (a) Mention any two examples of play materials.  (i) Bals  (ii) Dols  (b) Name any two sources of raw materials used to make play materials.  (i) Banana plantation  (ii) Swamp  6. (a) Which weather condition enables farmers to winnow their dried cereals?  (b) Suggest any two ways of managing rainy weather.  (i) By wearing a supposerter.
(ii) Mercury (c) State the use of the above type of thermometer.  The above type of thermometer is used for measure  temperature of the day.  45. (a) Mention any two examples of play materials.  (i) Bals  (ii) Dolls  (b) Name any two sources of raw materials used to make play materials.  (i) Banana plantation  (ii) Swamp  (6. (a) Which weather condition enables farmers to winnow their dried cereals?  (b) Suggest any two ways of managing rainy weather.  (i) By wearing gumboots
(ii) Mer Gury  (c) State the use of the above type of thermometer.  The above type of thermometer is used for measure  45. (a) Mention any two examples of play materials.  (i) Bals  (ii) Dolls  (b) Name any two sources of raw materials used to make play materials.  (i) Banana plantation  (ii) Swamp  (6. (a) Which weather condition enables farmers to winnow their dried cereals?  (b) Suggest any two ways of managing rainy weather.  (i) By wearing gumboots
(ii) Mercury (c) State the use of the above type of thermometer the above type of thermometer is used for measure temperature of the day- 45. (a) Mention any two examples of play materials. (i) Bols (ii) Dols (b) Name any two sources of raw materials used to make play materials. (ii) Bonana plantation (iii) Swamp (6. (a) Which weather condition enables farmers to winnow their dried cereals?  (b) Suggest any two ways of managing rainy weather. (i) By wearing sumpoots (ii) By Carrying an umboots (c) Write down any one danger of heavy rainfall in a community
(ii) Mercury (c) State the use of the above type of thermometer  the above type of thermometer is used for measure  temperature of the day.  45. (a) Mention any two examples of play materials.  (i) Bals (ii) Dols (b) Name any two sources of raw materials used to make play materials.  (i) Banana plantation (ii) Swamp  6. (a) Which weather condition enables farmers to winnow their dried cereals?  Vindy (b) Suggest any two ways of managing rainy weather.  (i) By wearing gumboots (ii) By carrying an umbrella (c) Write down any one danger of heavy rainfall in a community.
(ii) Mercury (c) State the use of the above type of thermometer the above type of thermometer is used for measure temperature of the day- 45. (a) Mention any two examples of play materials. (i) Bols (ii) Dols (b) Name any two sources of raw materials used to make play materials. (ii) Bonana plantation (iii) Swamp (6. (a) Which weather condition enables farmers to winnow their dried cereals?  (b) Suggest any two ways of managing rainy weather. (i) By wearing sumpoots (ii) By Carrying an umboots (c) Write down any one danger of heavy rainfall in a community
(ii) Mercury (c) State the use of the above type of thermometer  the above type of thermometer is used for measure  temperature of the day.  45. (a) Mention any two examples of play materials.  (i) Bals (ii) Dols (b) Name any two sources of raw materials used to make play materials.  (i) Banana plantation (ii) Swamp  6. (a) Which weather condition enables farmers to winnow their dried cereals?  Vindy (b) Suggest any two ways of managing rainy weather.  (i) By wearing gumboots (ii) By Carrying an umbrella (c) Write down any one danger of heavy rainfall in a community.

P.5 Int. Science Trial Set I Term I 2025

FOR ACADEMIC EXCELLENCE, AVOID MISSING BROAD HOLIDAY PACKAGES, WORK BOOKS & PAST PAPER BOOKLETS.

The diagram below shows a garden tool. Use it to answer question 47.

Wheel barrow
(b) Give a reason why the above garden tool should be painted.  To prevent the above garden tool from rusting.
(c) Apart from painting it, write down any two ways of caring for the above garden tool.
(i) By cleaning the above garden tool after use:  (ii) By oiling the above garden tool.
48. (a) Mention any two roles of children in a family.  (i) Fetching water.
(ii) <u>Collecting</u> <u>firewood</u> (b) Suggest any <u>two</u> ways a mother can care for children at home.  (i) By washing Clothes for children.
(ii) By giving food to children.  (ii) By giving food to children.  (iii) By giving food to children.
(i) petals? Petals affract a flower when at a bud s
(b) Mention any two uses of flowers to man.  (i) Flowers ore sold to get money.
(ii) Some flowers are eaten as took.  50. (a) Name the part of a tooth that contains blood vessels and nerves.
(b) How are blood vessels found in the tooth important?  (b) How are blood vessels found in the tooth blood to the tooth.
(c) Write down the two sets of teeth in human beings.
(i) Milk set of teeth  (ii) Permanent set of teeth  51. (a) Name one process in the environment that increases oxygen in the atmosphere.
51. (a) Name one process in the environment.  Photosynthesis  (b) Mention any one way oxygen gas is important in the environment.  (b) Mention any one way oxygen gas in oxygen gat night.
Diants Orcanis
(c) Apart from oxygen, write any other two components of air.
(i) Nitrogen (ii) Carbon dioxide
Page 7 of 8

P.5 Int. Science Trial Set I Term I 2025

FOR ACADEMIC EXCELLENCE, AVOID MISSING BROAD HOLIDAY PACKAGES, WORK BOOKS & PAST PAPER BOOKLETS.

52. (a) How are quill feathers important to birds?
Quill feathers help birds to tly.
(b) Name any one other type of feathers apart from quill feathers.
(c) Mention any two ways feathers are useful to man.
(i) Feathers are sold to get money:
(ii) Feathers are used for decoration
53. (a) Write down any <u>two</u> examples of wild animals.
(i) Lions
(ii) Tigers
(b) Give any one way of caring for wild animals.
By giving food to wild animals.
(c) State any one danger of living nearby game parks.  Attacks from dangerous wild animals.
ATTACKS TION CONGEROUS WIND CHIMANS
54. Match the components of a clean home in P with their uses in M.
P. Since Military 124 III.
proper disposal of rubbish
proper disposal of rubbish latrine — preparation of food
proper disposal of rubbish latrine preparation of food kitchen defecation and urination
proper disposal of rubbish preparation of food kitchen defecation and urination compost pit drying of washed utensils
proper disposal of rubbish latrine preparation of food kitchen defecation and urination compost pit drying of washed utensils  (a) rack drying of washed utensils
proper disposal of rubbish preparation of food defecation and urination compost pit drying of washed utensils  (a) rack drying of washed utensils  (b) latrine defecation and urination
proper disposal of rubbish preparation of food defecation and urination compost pit drying of washed utensils  (a) rack drying of washed utensils  (b) latrine defecation and urination
proper disposal of rubbish preparation of food defecation and urination drying of washed utensils  (a) rack drying of washed utensils  (b) latrine defecation and urination
proper disposal of rubbish preparation of food defecation and urination drying of washed utensils  (a) rack drying of washed utensils  (b) latrine defecation and urination (c) kitchen preparation of food
proper disposal of rubbish latrine preparation of food kitchen defecation and urination compost pit drying of washed utensils  (a) rack drying of washed utensils  (b) latrine defecation and urination (c) kitchen preparation of food (d) compost pit proper disposal of rubbish  55. (a) What name is given to manufactured feeds of rabbits?
proper disposal of rubbish preparation of food defecation and urination drying of washed utensils  (a) rack drying of washed utensils  (b) latrine defecation and urination  (c) kitchen preparation of food  (d) compost pit proper disposal of rubbish  55. (a) What name is given to manufactured feeds of rabbits?  Pellets
proper disposal of rubbish latrine preparation of food kitchen defecation and urination compost pit drying of washed utensils  (a) rack drying of washed utensils  (b) latrine defecation and urination (c) kitchen preparation of food (d) compost pit proper disposal of rubbish  55. (a) What name is given to manufactured feeds of rabbits?  Pellets  (b) Give any two ways of caring for rabbits at home.
proper disposal of rubbish preparation of food defecation and urination compost pit  (a) rack drying of washed utensils  (b) latrine defecation and urination (c) kitchen preparation of food (d) compost pit proper disposal of rubbish  55. (a) What name is given to manufactured feeds of rabbits?  Pellets  (b) Give any two ways of caring for rabbits at home.  (i) By giving rabbits food
proper disposal of rubbish preparation of food defecation and urination drying of washed utensils  (a) rack drying of washed utensils  (b) latrine defecation and urination (c) kitchen preparation of food (d) compost pit proper disposal of rubbish  55. (a) What name is given to manufactured feeds of rabbits?  Pellets  (b) Give any two ways of caring for rabbits at home.  (i) By giving rabbits food  (ii) By giving rabbits shelter shelter.  (c) Mention any one quality of a good hutch.
proper disposal of rubbish preparation of food defecation and urination drying of washed utensils  (a) rack drying of washed utensils  (b) latrine defecation and urination (c) kitchen preparation of food (d) compost pit proper disposal of rubbish  55. (a) What name is given to manufactured feeds of rabbits?  Pellets  (b) Give any two ways of caring for rabbits at home.  (i) By giving rabbits food  (ii) By giving rabbits shelter shelter.
