

UGANDA NATIONAL EXAMINATIONS BOARD

CONTINUOUS ASSESSMENT OBSERVATION CHECKLIST 273 GEOGRAPHY

Senior 3, Term 2

Centre/CA No:	Year:
Learner's Name:	Learner's ID:

Instructions to the facilitator.

- 1) This observation checklist contains **one** competence which **must** be assessed by the end of this term.
- 2) Please **Tick** against the indicator(s) the learner has exhibited at every level assessed.
- 3) Record the **Number of Indicators Observed** in the boxes provided at the end of each level for **Subject Competence (SC) and Generic Skill (GS)**.
- 4) Indicate **N/A** if learner has not been assessed for (SC) & (GS).

Theme: Further use of maps; Introduction to the rest of

Africa.

Topic(s): The relief regions and drainage of Africa

Learning Outcome(s): 1.Draw diagrams to show the formation of important

physical features.

2. Use a sketch map to show the major relief regions,

rivers and lakes in Africa.

Subject Competency (SC): Represents and analyzes geographical information to

identify relationships, patterns, and trends.

Generic skill (GS): Creativity and innovation

Learning Domain: Psychomotor

Level 1: Imitation

Subject Competency (SC): Imitating teacher, peers, audio-visual recordings represent and analyze geographical information to identify relationships, patterns and trends, the learner:

	Selects the form/method to use to represent the information maps, diagrams, cross sections, photographs, statistics, graphs) Uses the form/method to represent the information Analyses the information represented Develops conclusions Makes recommendations	•	1	
demo	eric skill (GS): Imitating teacher, peers, audio-visual reconstrating creativity and innovation while representing yzing geographical information to identify relationship ds, the learner:	g and	s and	
	Uses imaginations to explore possibilities	Level 1 Indicators		
	Works with others to generate ideas Suggests and develops new solutions	sc	GS	
	Tries out innovative alternatives			
	Looks for patterns and makes generalizations

reco	eric skill (GS): Following instructions from teacher, peerdings in demonstrating creativity and innovation while analyzing geographical information to identify relation trends, the learner:	e represer	nting	
	Uses imaginations to explore possibilities		Level 2 Indicators	
	Works with others to generate ideas Suggests and develops new solutions	sc	GS	
	Tries out innovative alternatives			
	Looks for patterns and makes generalizations			

Level 3: Precision

Subject Competency (SC): Representing and analyzing geographical
information to identify relationships, patterns and trends independently
but with minimal errors, the learner:

Ш	Selects the form/method to use to represent the informaps, diagrams, cross sections, photographs, statist	`	
	graphs)	100, 000100 011	
	Uses the form/method to represent the information		
	Analyses the information represented		
	Develops conclusions		
	Makes recommendations		
hile	eric skill (GS): Demonstrating creativity and innova e representing and analyzing geographical informat	_	•
hile	, ,	tion to identi	ify
hile	e representing and analyzing geographical informationships, patterns and trends, the learner: Uses imaginations to explore possibilities	Level 3	Indicators
hile	e representing and analyzing geographical informationships, patterns and trends, the learner:	tion to identi	ify
hile	e representing and analyzing geographical informationships, patterns and trends, the learner: Uses imaginations to explore possibilities Works with others to generate ideas	Level 3	Indicators

Level 4: Articulation

Subject Competency (SC): Representing and analyzing geographical information to identify relationships, patterns and trends innovatively/accurately, the learner:

Selects the form/method to use to represent the information (sketch
maps, diagrams, cross sections, photographs, statistics, tables and
graphs)
Uses the form/method to represent the information
Analyses the information represented
Develops conclusions
Makes recommendations

Generic skill (GS): Demonstrating creativity and innovation while representing and analyzing geographical information to identify relationships, patterns and trends, the learner:

Uses imaginations	to explo	ore possibilitie	S

Level 4 Indicators		
sc	GS	

	Works with others to generate ideas Suggests and develops new solutions Tries out innovative alternatives Looks for patterns and make generalization			
	Level 5: Naturalization			
nfor	Subject Competency (SC): Representing and analyzing geographical nformation to identify relationships, patterns and trends with ease/naturally, the learner:			
	maps, diagrams, cross sections, photographs, statistics, tables and graphs) Uses the form/method to represent the information Analyses the information represented Develops conclusions			
Generic skill (GS): Demonstrating creativity and innovation naturally while representing and analyzing geographical information to identify relationships, patterns and trends, the learner:				
	Uses imaginations to explore possibilities Works with others to generate Suggests and develops new solutions Tries out innovative alternatives Looks for patterns and make generalization	Level 5	Indicators GS
