FUTURE-PROOFING LEARNING FOR YOU!

Victoria University is the leading University in Uganda and East Africa, in offering Experiential and Work Integrated Learning; and chartered by the National Council for Higher Education. We are determined to produce graduates with employable skills and capacity to creatively employ themselves. We do this by providing meaningful, hands-on workplace experience to enrich theoretical learning. Our work integrated learning program is enabling students to complete a program of three years with at least 2-3 years' work experience.

Victoria University's hands-on, technology-based education and applied research are essential to the productivity and prosperity of the country and the region. Graduates have the knowledge and skills employers want. They leave Victoria University with soft skills, quality degrees, confident, prepared and in demand.

Traditionally, any university would juggle the demands and deadlines of six modules simultaneously. BUT WE DON'T DO THAT. Under the trimester system (VU Block Model), a student's academic year is divided into three Semesters, and we call them Trimesters. Students focus on one Module at a time in an affordable payment system. Each Trimester is divided into four blocks, which will run for four months; each Block is taught and assessed in Four Weeks.

KEY:F/PT- FULL TIME/ PART TIME, CW- (COURSEWORK), CWR- (COURSEWORK AND RESEARCH) STUDY SESSIONS: DAY, EVENING AND WEEKEND
